Golghar, New Police Line, Patna, Bihar, India

Career Objective

As a Computer Science student with a strong proficiency in DSA, HTML, CSS, Tailwind CSS, JavaScript and React JS, as well as strong academic foundation and a passion for software development. Eager to kick-start my career and contribute my skills to innovative projects as a summer intern at Goldman Sachs.

Skills

- HTML
- CSS
- JavaScript
- ReactJS
- Problem Solving
- Data Structures

Professional Training

Internshala

Jan 2023 - Mar 2023

Web Development Course

I have completed this web development training program where I mastered HTML, CSS, and JavaScript. This training has given me the skills to create well-structured websites, design visually appealing layouts, and add interactivity to web pages. I'm excited to use these skills to build engaging and user-friendly websites.

Projects

Sastagram | <https://sastagram.netlify.app/>

An Instagram-inspired web application that brings some of Instagram's key features to your browser. This project is built using HTML, CSS, and JavaScript, allowing users to view stories and like posts with a double click, just like Instagram.

Password Generator | <https://password-generatorbysid.netlify.app/>

Password Generator using HTML, Tailwind CSS & JavaScript. Generates strong random passwords Also shows password strength Responsive to all devices.
